

JUST A FEW TESTIMONIALS

- ◆ “Your oil is everything you say and more. It has really helped my wife’s dry skin from her continued chemotherapy. She has started an airbrush makeup business and would very much like to sell your oil. Dry skin is a religion in Southern California.” **Steve~California~**
- ◆ “Best I’ve ever purchased, super fast ship!” **Aneah~Wisconsin~**
- ◆ “I love it exactly the same as every expensive brand. I love this oil.” **Amy~Pennsylvania~**
- ◆ “fast shipping, the best oil I’ve tried. Will be back for more!” **Mary~**
- ◆ “I noticed instant results from my first use of Argan Oil. My skin feels softer, unlike the other product I had been using. I’m glad to know that it won’t clog pores. I’ve been using it in my hair for taming the frizzies, and love the sheen it provides. Argan Oil has earned my two thumbs up, along with much gratitude for being the one product that has kept my skin from itching. Thank YOU!!!” **Gail Martin** (Marathon runner and Massage Therapist)
- ◆ “Super fast shipping. Great Communication, Great Oil!!!!!!” **Nancy~Illinois**
- ◆ “PERFECT! Thank you so much, the product is AMAZING! Makes my skin feel like silk.” **Rebecca~North Carolina**
- ◆ “This oil ROCKS!!! Thanks for quick delivery!!! AAA+++” **Mary~Pennsylvania**
- ◆ “...richer than Josie Maran brand, adds sheen to 4B hair, fast shipping!” **Pearl ~New York~**
- ◆ “Great product! Already have recommended to friends! Thank you so much!” **Yoneko~California**
- ◆ “Great for the face. Also use regularly to take scars away. . .” **Colene~Michigan**
- ◆ “Wonderful product, love it, super fast shipping, thanks!” **Marie~South Carolina**
- ◆ “EXCELLENT SELLER ~ EXCELLENT PRICE ~EXCELLENT SERVICE ~HIGHLY RECOMMENDED~THANK YOU” **Dilita~Texas**
- ◆ “5*****” **Betty~New York~** “Love this product A+A+A+A+A+A+” **Mary~Maryland~**
- ◆ “Love it. Thanks for extra info on product and quick shipping!” **Leatrice~Ohio**
- ◆ “FIRST CLASS! Will let my friends know. 10 Stars plus” **Sheila~Florida**

Argan Oil Cosmetic Uses

1. Softens dry skin, soothes dry patches, and improves skin conditioning. Customers describe the results as amazing and phenomenal, giving them healthy and glowing skin that is no longer oily. A perfect all-over face, hand and body moisturizer.
2. Helps to prevent stretch marks, especially during and after pregnancy. Simply use as you would any other stretch mark cream. The oil absorbs easily and doesn’t leave oily residue.
3. Reduces the look of wrinkly skin under the eyes, either using it alone or in combination with your favorite eye cream.
4. Use in place of chemical based products to help heal acne blemishes and resulting redness from irritated skin.
5. Argan oil is one of the world's richest natural sources of vitamin E, so it is a great treatment for a variety of skin conditions. Our customers say that it relieves severe eczema and psoriasis.
6. Use to soften cuticles and nails.
7. Use to reduce "the frizzies" and dry ends in your hair. You can add a few drops to your favorite conditioner after shampooing. Leave on for a minute or two and rinse out. It gives your hair a nice shine without the oily appearance. Alleviate dry, itchy scalp. Apply to scalp and wrap head in a warm towel for 30 minutes to soothe irritation.
8. **Mineral** and **silicone** based make-ups tend to suffocate the skin, but argan oil allows the skin to **breathe** while giving it a rejuvenated look. It does not harm your skin.
9. In the Moroccan culture, argan oil has been used on babies’ delicate skin for centuries. A great alternative to chemical-based baby oils.
10. Its results are long-lasting, not temporary like many chemical-based make up products.

FREQUENTLY ASKED QUESTIONS

Our organic Argan Oil is certified by ECOCERT, a French organization authorized and accredited by COFRANC (French Committee for Accreditation), an impartial accrediting organization. Part of its responsibility is to certify agricultural products that meet organic certification requirements, which ECOCERT has done for the producer of this oil. This oil is rare and unadulterated, produced from trees grown only in Morocco. It is popular in Europe as a natural skin conditioner, allowing the skin, hair and nails to absorb natural nutrients and restore natural beauty. Because of its great benefits to hair, skin and nails, it is a tremendous asset for beauty salons, spas, and massage therapy.

We package our oil in a tinted glass bottle with a shrink-wrap sealed dropper. The tinted bottle helps to protect the oil from degradation during normal and regular use.

Q: Is there any other ingredient in your product?

A: No. Our oil contains only the oil extracted from raw argan seed. It is tested for authenticity by the Moroccan Government prior to export, as a precondition for obtaining an Export License.

Q: What methods are used to process the oil that you sell?

A: The process of producing Cosmetic grade Argan Oil, a rare natural product, combines traditional methods of extracting seed with conventional mechanical methods of extracting the Argan Oil from the kernels. The tree produces an oval-shaped green fruit which contains 2-3 kernels inside a pit. In order to extract the kernels from the pit, the almond-shaped nut must first be cracked open. Berber women collect the fruit and engage in the difficult process of extracting the kernels. Our producer, who is from Agadir, Morocco and a member of the Berber people, then collects seeds from Berber women and uses a mechanical process to extract the oil.

His process eliminates the older, traditional process in which the paste was mixed with water to bring the oil to the surface, and then collected for use. It is First Cold Pressed and Extra Virgin, which improves quality and prolongs the life of the oil. Still, it takes from 15-25 hours of tedious work by hand for women to produce the 3 kg of kernels needed to produce one liter of argan oil. This means that, on average, it takes about one hour to crack open enough kernels to produce 2 ounces of oil.

Q: What is the shelf-life of your argan oil?

A: Because of the method used to extract and process our argan, instead of a 2-3 months shelf life of oil under the traditional method, our oil has at least a 2-3 year shelf life. Our bottles inhibit breakdown and spoilage. Like any oils, it should be kept away from sunlight and heat in order to preserve shelf-life.

Q: Does your oil meet Fair Trade standards?

A: Yes. EcoCert conforms to the FINE Declaration and AFNOR Agreement AC X50-340 and has been a member of the PFCE (French Platform for Fair Trade) since October 2007.

NUTRITION FOR HAIR, SKIN & NAILS

The beauty secret of Argan oil lies in its unique composition. The amazing Argan oil is rich in **natural antioxidants, essential fatty acids, carotenoids, ferulic acid, sterols, and polyphenols**. It also contains remarkably high levels of **vitamin E** and **Squalene**. Argan Oil does not clog pores and has an amazingly diverse range of cosmetic benefits for the skin, hair and nails:

- Helps reduce wrinkles, fine lines & crepiness
- Helps prevent stretch marks
- Helps Strengthen your hair
- Helps nourish your skin, dry hair & nails
- Fights dandruff– naturally

Argan Oil in recent years has begun making a name for itself on the international stage. It has become very popular in countries such as: The United Kingdom, Canada, France, Germany, Kuwait, Korea, Australia and, recently, here in the U.S.A.

Argan oil cosmetic based products originated from Moroccan women who have used it for cosmetic purposes for centuries. The oil is used topically to hydrate the skin.

This miracle oil stimulates intracellular oxygenation, neutralizes free radicals and protects the soft tissue. Upon application to the skin, it restores and increases the nutrient content of skin cells.

Argan Oil is touted as a complete anti-aging product, regenerating, restructuring and preserving the skin's youth capital. After a few applications, the skin is supple and soft, and the complexion becomes brighter. It has been reported on in ***The Daily Mail, CNN, BBC, SBS, New York Times*** just to name a few. All mentioned how it has helped create jobs for women in villages, provided them with an education and helps to protect, and spread appreciation for, the argan tree.

Its cosmetic benefits have been well researched in the last few decades and the research continues. The argan tree has been protected since 1999 by UNESCO.
